PLEASE READ AND INITIAL THE FOLLOWING REQUIREMENTS AND RECOMMENDATIONS

- An initial inventory must be taken of all CDS items present prior to the opening of the business. If no CDS products are present, state "No CDS products at opening of business". [21 CFR 1304.11] (initial\_\_\_\_\_)
- You are required to take a biennial CDS inventory, which is a physical inventory of all controlled substances on hand that is taken at least every two years. The biennial inventory may be taken on any date, which is within two years of the previous biennial or initial inventory. [21 CFR 1304.11] (initial\_\_\_\_\_)
- When taking a CDS biennial inventory, schedule II items should be listed separately from the schedule III-V items. An exact count must be made of all schedule II items. Schedule III-V items may be estimate, but if fractions or decimals are used, then the container size must also be included. An exact count must be made if CIII-V products are in opened containers of greater than 1,000 tablet or capsules. All CDS, including expired and unwanted items, must be included in the inventory. The entire inventory should be taken on the same day with the same reference point (either before opening of business or after close of business). The date taken and reference point should be present on the inventory. [21 CFR 1304.11] (initial\_\_\_\_\_)
- Invoices for schedule III-V must be physically dated upon receipt. It is recommended that these invoices be filed separately. [21 CFR 1304.21] (initial\_\_\_\_\_)
- DEA 222 forms, used to order schedule I-II products, must be signed by the person who signed the most recent application for the establishment's DEA registration. A power-of-attorney may be executed by the person authorized to sign the DEA 222 form, to allow others to sign the DEA 222 form. The power-of-attorney must be kept on file at the registered site. [21 CFR 1305.05] (initial\_\_\_\_\_)
- When schedule I-II orders are received, the quantity and date received must be recorded for each line item on DEA Form 222. [21 CFR 1305.13(e)] (initial\_\_\_\_\_)
- Executed DEA 222 Forms must be maintained separately from other records and kept readily available for 2 years. [21 CFR 1305.17] (initial\_\_\_\_\_)
- The theft or significant loss of CDS must be reported immediately upon discovery, within one business day, in writing, to the local DEA office and the Division of Drug Control. A DEA Form 106 must be completed for any theft or significant unresolved loss of CDS, with the original sent to DEA and a copy sent to DDC. The DEA 106 Form may be filled out and sent electronically to the DEA, but a copy must be printed and sent to DDC. [COMAR 10.19.03.12B(4)] (\_\_\_\_\_)

**NOTE: Please ensure that all questions have been answered completely. Incomplete answers and missing information will result in a delay in the processing of your CDS application.**
